Sandwich Special

English

Introduction

It is becoming a tradition at Panesco that we launch new products towards the end of the first year of our two-yearly catalogue, in order to refresh our range.

Today we present to you a new selection, a selection with a focus.

This focus is on Sandwich Makers in the widest sense of the word.

From independent sandwich shops, bars, take-aways, to the industrial sandwich maker, not forgetting contract catering.

As we understand how demanding it is to run a business these days, we have sourced excellent products which offer convenience, health, nutrition and authenticity but first of all are of superb quality and have a great taste.

This selection can be enjoyed by all kinds of customers, as it is totally in line with current food trends such as, food on-the-go, lunchbox snacks, as well as for plate presentations.

For further information about the benefits of these splendid products, may I invite you to read more in the on-line catalogue pages on our website, www.panesco.co.uk.

5001032

Fully Baked roll made with wheat and rye flour, with a rich texture and a decoration of sesame seeds, sunflower seeds, oat flakes, linseeds and wheat bran.

Mini Cobblestone Paysan

For industrial sandwich makers, sandwich shops and restaurants and buffets.

5001033

Fully baked square multigrain roll with a rich content of linseeds, oat and wheat bran and decoration of sesame seeds and poppy seeds on the top and plenty of roasted sunflower seeds on the base.

Mini Cobblestone Multigrain

The versatility of these divided into four squares (four-leaf clover roll) is their multiple applications:

- as a tear & share roll, plain unfilled in a basket on the dinner table,
- as a sandwich roll, filled,
- divided into 4 and filled, to serve as tapas or party rolls.

5001034

Fully baked artisanal bread, made in Italy with biga (poolish) and plenty of green olive slices. Today it is still the perfect “merenda” (Italian for snack), still warm from the oven with prosciutto, no addition required. Or, to accompany salads, soups and Mediterranean dishes. Apart from adding to flavor and texture, a biga also helps to preserve bread by making it less perishable.

Sfilatino alle Olive

5000935

Fully baked (thaw & serve) pre-grilled ciabatta (bar marked) and pre-sliced, ready to fill. This Pre-Grilled Ciabatta Bread is very versatile and therefore offers a basket full of convenience and creative opportunities for all sandwich makers, pubs and cafes.

Pre-Grilled Ciabatta 120, pre-sliced

5001042

It's only just begun... . The concept of high fibre is starting to take its place within the hearts and mind and mouths of the Europeans. This fully baked and hinge-sliced rectangular roll of wheat, rye, whole-wheat and whole meal flour, decorated with oat bran and a diagonal incision on top, is “rich in fibres”.

Pavé with Fibres, pre-sliced

5001043

With sultana's and cranberries as the “superfruit”, totally in line with the current trend for healthy and nutritious food. Besides serving as food for breakfast and/or snacks, flapjack is also often eaten by those who are hiking, backpacking or jogging due to the fact that it is lightweight, a source of fibres, high in energy, and easy to store; which makes this cake a healthy lunchbox option for children and adults.

Fruit Flapjack
